

Memorandum of Understanding (MOU)
between
Japan Society of Atmospheric Environment (JSAE) and
Korean Society of Atmospheric Environment (KOSAE)

Item 1. JSAE and KOSAE exchange this MOU with an aim of extending mutual understanding and friendship and of activating and developing scientific and engineering communication between the two societies.

Item 2. Both societies conduct the active exchange of academic information in the field of environmental science, environmental engineering, environmental industry, and environmental education.

Item 3. To enforce collaboration between two societies, each society agrees on the following sub-items and does the best to derive fruitful results out of collaboration.

1. Exchange of data and information covering environmental science, environmental engineering, environmental industry, and environmental education
2. Development of mutual friendships between the members of each society and between special committees
3. Conductance of cooperative research on environmental issues of mutual interests

Item 4. Both societies agree on the following sub-items.

1. Both societies promote cooperative research of common interest.
2. Both societies will support expenses required for mutual exchange program as long as the condition is permitted.
3. Both societies provide a support to establish subcommittee for publishing international journals covering atmospheric environmental studies.

Item 5. Both societies will discuss the progressing stage of this MOU and can convene a meeting to promote such activity.

Item 6. Both societies respect the fundamental agreement of this MOU with its effectiveness under the spirit of friendship and equality.

Item 7. This MOU is prepared formally in English and becomes effective upon signing by both societies' presidents. The present MOU supersedes the one signed previously.
